

Are you Student of 10th, 11th and 12th
In the pandemic Situation,
First time in the history, you were facing
new era of online classes.....

- Least personal interaction with Friends, Teachers or with Society...
- No social gatherings. Only social media interactions...
- But you are suppose to identify your career goals even in this pandemic periods...

**ONLINE
CPAQ
TEST**

Why?

There are lot of confusions what will happen to your career.

Parents ambitions and your interests are contrasting.

Parents are seeking more attention to their Children's future.

But Parents and Teachers are not clearly aware of student's real personality, aptitude and interest.

Blooms Academy

provides one Best Solution for all above problems

Online Career and Personality Assessment Questionnaire (CPAQ)

The CPAQ test results provides "SUITABLE CAREER CHOICE" to join higher education and also identify their individual personality type and characteristics.

Note : CPAQ has career assessment and personality assessment questions of each 25 multiple choice questions.

Online Career and Personality Assessment Questionnaire (CPAQ) Test Programme

*Blooms Academy of Skill Improvement and Career Consultancy, Chennai established in the year 2012, is run by a team of professionals specialized in conducting **Career Guidance and Personality Development Programmes** for School and College students across the nation. The institution has developed a unique Career and Personality Assessment Questionnaire (CPAQ) programme which was conducted over 4500 students.*

- 10th 11th and 12th standards are the crucial period for students in school life, they are at the verge of choosing right career for their successful life. But they may have lot of confusion and hesitation whether to choose an MBBS or Acting or a Police service or an Architect or a Software Engineer etc.
- **For example**, a student may have an interest to become a Doctor, but his aptitude in Chemistry makes him suitable to be a Chemist or Chemical Scientist. So aptitude and interest plays a major role in identifying Career.
- The online Career and Personality Assessment Questionnaire (**CPAQ**) has two set of Questionnaires, Career Assessment Questionnaire (CAQ) and Personality Assessment Questionnaire (PAQ), each with Objective Type Multiple Choice Questions provided with different statements as answer choices.
- The results of CPAQ Test helps the students to find out their best suitable **Career** and also to identify their **Personality type to groom and shape their personality**.

1. Two Careers suitable for your Personality are :

MODEL TEST RESULT

Horticulturalist, Agriculturalist, Fisheries Officer, Environmentalist, Food Technologist and Poultry Farming

Army, Navy or Air Force Officer, Coast Guard Officer, Para-Military Force Officer

2. Your Personality Type is Optimistic Personality.
